Oxford Symposium on Rare Diseases: Protein Misfolding and Aggregation

Keynote Speaker: Prof Chris Dobson (Cambridge)

Program Synopsis
Mechanism of Protein Folding
Misfolding and aggregation diseases
Protein Quality Control Networks
Rare Disease Genetics
Vision of Small Molecule Therapy

Confirmed Speakers:
Ineke Braakman (Utrecht)
Giancarlo Parenti (Naples)
Alex McKenzie (Ottawa)
Kym Boycott (Ottawa)
Sheena Radford (Leeds)
Bibek Gooptu (London)
Rick Morimoto (Northwestern U)
David Rubinsztein (Cambridge)
Jeff Kelly (Scripps)
Matthias Baumgartner (Zurich)
David Ron (Cambridge)

Scientific Committee
Kevin Lee (Pfizer)
Christine Bulawa (Pfizer)
Chas Bountra (SGC)
Wyatt Yue (SGC)

31st January – 1st February, 2013
St. Catherine’s College
University of Oxford, UK
